

Secretary's Report

Duties this year have included arranging the Branch Programme, checking tower availability and keeping an attendance record for meetings. The meetings this year which included a Mince Pie Practice at Frampton Cotterell and a cream tea at Thornbury were mostly well attended with an average of 16 people throughout the year. For the first time one of our meetings was held at St Ambrose, a ring of ten in Bristol City Branch, which was well supported with 19 people and it was decided we should also hold a meeting there next year. Also the May Day Outing and annual Branch visit to Gloucester Cathedral were well attended with 23 and 20 people.

Apart from that, this year has been fairly quiet with other duties which have included receiving and dealing with email correspondence, which this year has included ringing for VE Day in May and VJ Day in August, and forwarding it to towers as necessary. Also making sure the annual return is kept up to date for the Association report.
